

Good morning shipmates,

Our next meeting is only seven days away, on February 23, at Zacatecas Cafe in Riverside. The meeting will start at the regular time. We have a program by the pilot of the D-Day Doll that was at Flabob Airport. I am sure you will find him very interesting and personable, and his story is very interesting.

There are a number of activities coming up this year, the first of which is King High School Remembers on Friday, March 1. If you have not received any information from the school, now is the time to contact them if you want to participate. The program starts at 9AM, but be there as early as possible.

Rancho Remembers is set for April 25, at Rancho Cucamonga High School. It is very similar to King High, and if possible will have the Bonefish float inside again.

If you have a lead or an idea for a speaker or program, please let me or any eBoard member know so that we can schedule it

It was a distinct honor for me to induct Greg Hill, Frank Campbell and Gene Adams into the Holland Club at our January meeting. If you have not yet congratulated them, don't forget to tack on their HC patch the next time you see them (Holland Club Members only!).

Check out the website if you have not been there recently. Two new pages have been added. One is the piping book for the USS Bonefish SS-582. The other is written by one of our own, Bill Hawkins, who writes reflections and memories. We certainly have a lot of talent in our base.

I look forward to seeing you at the meeting this coming Saturday.

Daryl Brock
